FECOFA DIGITAL HUB: USER MANUAL SUITE INDEX

CONFIDENTIALITY AND NON-DISCLOSURE

This suite is classified as confidential FECOFA and DBG SARL operational documentation. It contains identity rules, role boundaries, escalation paths, and workflow controls for the FECOFA Digital Hub. Unauthorized distribution, reproduction, or external sharing is prohibited.

SOURCE AUTHORITY

This index is the routing document for all role manuals. It does not replace a role-specific manual. Users must follow the guide that matches their assigned RBAC profile and federation scope.

HOW TO USE THIS SUITE

1. Confirm your assigned role in the platform.
2. Open the manual that matches your operating responsibility.
3. Follow only the permissions, screens, and escalation rules documented for that role.
4. Protect `careerNumber`, `digitalPassportId`, and `nationalId` values at all times.

COMMON IDENTITY RULES

- `careerNumber` is the permanent football identity number.
- `digitalPassportId` is the digital eligibility token.
- `nationalId` anchors the person to legal identity verification.
- Search before creating any new member record.
- Never share credentials or approve work outside your assigned scope.

COMMON ESCALATION RULES

If a record conflict, payment issue, medical flag, sanction, or access problem blocks your work, document the affected careerNumber, screen, and error message. Escalate through /intradesk instead of attempting URL manipulation, duplicate creation, or informal override.

DOCUMENTARY GOVERNANCE

Every manual in this suite must be registered in lib/manuals/catalog.ts, remain safe for the global PDF renderer, and preserve a clear distinction between administrative operators and football stakeholders. New manuals must be concise, role-accurate, and ASCII-safe until the PDF font stack supports full Unicode.

DBG VISION

Powered by DBG SARL - Societe Debonhomme SARL. The FECOFA Digital Hub is built as sovereign, immutable, and scalable football infrastructure for the Democratic Republic of Congo.

DOCUMENT GOVERNANCE

Federation identity remains the primary operational brand. DBG establishes publisher legitimacy and document polish. AU atmosphere stays subdued. CAF and FIFA references remain contextual and restrained.
